

## Course Outcome of Commerce-2019-20 & 2020- 21

The main focus in the Commerce Stream at the UG level is to impart the experience of the business world in all its manifestation. It helps the students with a number of specialised skills which help them excel in different functional areas of the trade, industry and commerce.

The main objectives for teaching commerce are as follows:

- To gain in-depth knowledge of business, accounts, finance and economics in the modern world.
- To provide knowledge on how to update and adapt skills quickly as per the sudden changes in the external environment.

The University offers Undergraduate Honours and General Course in Commerce. The outcomes of the course are as follows:

The students who complete the Commerce Honour might come up with the following knowledge and skills:
