

**A Seminar on Indian Culture held in  
Kendrapara Autonomous College on 3<sup>rd</sup> Dec 2021**

On behalf of Indian Culture wing of Kendrapara Autonomous College, a seminar was held in the chairmanship of the Principal Dr. Rajendra Prasad Tripathy on 3<sup>rd</sup> Dec 2021 in the conference hall. Two towering Vedic scholars namely Pandit Birendra Panda and Pandit Hrushikesh Rath joined as resource persons.

While explaining India's Culture Pandit Rath told we treat the entire universe as a family in our culture. A good human being can create a good and rational human being. Unity in diversity is the hallmark of Indian culture. A woman is held high right from India's vedic culture. When she sheds tear, it brings rain not only to the family but also to the whole society.

Renowned Vedic scholar Pandit Birendra Panda told our whole body is civilisation, its soul is culture. Many perversions have crept into our societal set up. We should treat our job as service. In Mahabharat warfare, Maharaj Krishna acted as messenger to avert the crisis but it did not fructify. All leaving & archery of Bhishma and Drona could not bring victory for Kauravas.

Life's 1<sup>st</sup> fifty years should be spent in living and the next fifty years be spent for final journey devoting time for social wellbeing

Now there is a race to raise the height of our edifices but in thought we are mean and shallow. By several examples he aroused a divine upsurge among the audience.

Vice Principal Prof. Gopal Ch. Behera welcomed all present in the meeting. Convenor Prof. Tapan Kuamr Pati introduced the guests and the theme of the seminar to the audience. Vote of thanks was proposed by Prasant Sahoo, lecturer in Political science. The meeting was managed by Prof Manoranjan Mohanty, Subrat Kumar Patra, Sonalika Mohanty and Manisakanti Jena. The Meeting was anchored by lieutenant Seema Mohanty. All the staff members including Co-ordinator IQAC, Dr. P.K.Das and the students were present in the seminar. Above all, the Seminar was a grand success.
